

30-DAY FREE TRIAL INCLUDED

brilliant **MAX**

BRILLIANT MAX • SMART HOME SUBSCRIPTION

Your Home, Handled

Brilliant Max is the simplest way to make your smart home run itself: **automatically adapting to your life without setup, complexity, or ongoing effort.** No apps to juggle, no routines to build, no hubs required.

WHAT BRILLIANT MAX IS

AUTOMATION

Set It and Forget It

Your home automatically adjusts to your life, no manual scenes or ongoing input required.

COORDINATION

Everything Works Together

Lighting, climate, and access devices operate as one unified system, not a pile of separate apps.

HOME AWARENESS

Peace of Mind When Away

Event-based alerts and away-simulating automations keep you in the know, wherever you are.

SAVINGS

Energy Efficiency

Lights and climate ease back automatically when no one's home, lower bills, zero effort.

Always getting better — further curated automations will be added over time

A DAY WITH BRILLIANT MAX

MORNING

Heading Out

Doors lock, the alarm arms, HVAC switches to Away, and shades lower, automatically.

MIDDAY

While You're Out

Lights off, thermostat eased back, home looks lived-in. You're alerted if anything's off.

EVENING

Coming Home

Doors unlock, lights on, comfortable temperature, favorite music playing, on arrival.

VACATION

Out Of Town

Home stays secure and efficient, with lighting rotation so it always looks occupied.
